Empathy before form.
Functional.
Restrained and thoughtful.

California College of the Arts

Major: Industrial Design (Junior)

Duration: 2023 – 2027

GPA: 3.82/4.0

Honors: Merit Scholarship (2023–2027), All College

Honors Scholarship (2024)

Skills:

- Design Thinking
- Visual Communication
- Market Analysis & User Research
- Software Proficiency
- Teamwork & Communication
- English Communication

Self- Evaluation:

- Strong learning ability, quick to adapt to new environments and acquire new skills.
- Eager to gain hands-on experience in turning design concepts into real-world products.
- Passionate about design, always exploring new methods and techniques to enhance professional capabilities.

Experience:

Model Making and Omni Shop Monitor California College of the Arts, (Jun 2025- Present)

- Maintain and organize fabrication shop tools and equipment while upholding safety standards.
- Assist students in safely operating machinery (band-saws, table saws, drill presses, sanders).
- Support studio projects and cross-train across multiple fabrication shops.

Industrial Design Internship Haier, (Jun 2025- Sep 2025)

- Designed forward-looking and trend-driven concepts for Haier's home and kitchen appliance collections.
- Conducted early-stage user and market research, analyzing trends and future design opportunities.
- Collected visual and conceptual inspiration to guide product direction.
- Created 3D models and supported design development for cohesive product series.

Brand Representative Abercrombie & Finch (Sep 2022- Aug 2023, Jul 2024)

- Introduced product knowledge to help customers have a better shopping experience.
- Provided solutions for customers and maintained effective communication.
- Completed a whole process to serve customers (including greeting, identifying customer needs, follow-up, checking stock, ordering goods, and checking out).
